

VISLON® NATULON® with Clear Reflective Film and Flat Stay Down Double Puller

1. Explore more than just reflectiveness with our innovative design. Now, not only does our reflective film enhance visibility, but it also showcases the intricate pattern designs and vibrant colors of the zipper tapes. Now also available in NATULON®.
2. Flat stay down (code: DW1NT2), 10% thinner compared to standard DW slider. Featuring with flat stay down double-sided puller offers a stable grip without swaying, also possible to pair with cord attachments.
